DR. SPINNEY & CO.

No. 11 Kearny street,
TREAT ALL CHRONIC AND SPECIAL
DISEASES.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the feet of suffering humanity. Dr. Spinney will guarantee to forfeit five hundred dollars for every case of weakness, or private disease of any kind or character, which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. Or examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milky hue again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office hours—10 to 4 and 6 to 8; Sundays from 10 to 11 a. m. Consultation free. Thorough examination and advice, \$5.
Call or address DR. SPINNEY & CO.,
136-141 No. 11 Kearny street, San Francisco, P. S.

For private diseases, of short standing, a full course of medicines sufficient for a cure, with all necessary instructions, will be sent to any address on receipt of ten dollars.

CIGAR FACTORY,

TUCSON, ARIZONA.

Cattle Dome Mines.

Thirty-five miles from Yuma, here are the Castle Dome mines, about twenty miles from the Colorado River, in Yuma County.

They are said to be the best paying and average mines in Arizona. The character of the mines is first-principally "galena" carrying with it silver. Here in Castle Dome is a rich mining and mineral county. We condemn monopolies, and while we advocate the enterprise of the Castle Dome Mining Company, we nevertheless condemn its one-horse and selfish spirit. They have enjoyed for years past, the privileges and usurpation of a corporation to the exclusion of the prospector and every other man. The Castle Dome Mining Company has given to the world to know that they control a whole District and no room is left for the coming prospector. This is false and wrong Mr. Castle Dome Mining man, and don't try to monopolize the rights of the poor miner. We will follow you for you have done wrong, by your abettors and strickers, in saying that, all the mines were "taken up." Stay with us, miners, and we will help you to develop your mines and mining interest. Castle Dome is a rich galena country and one of the richest mines in Arizona, and in our next issue we will propose to let the public know whether W. P. Miller of Castle Dome, owns the whole country, or whether the honest prospector can find any vacant mines there.

Another Bonanza for Yuma.

A few days since, we were pleased to meet with Mr. H. Manwaring, an agent of the California Powder Works.

Mr. M. came here for the purpose of prospecting the "Promontorio" Sulphur mines, situated on the Lerdo Colony, some seventy-five miles below Yuma.

The agent comes here well armed with all proper credentials from Mr. Blythe, the managing agent of the Lerdo Colony.

There cannot be any doubt that these owners have a large and extensive mine of sulphur, as have been reported.

Prof. Rice has examined this mine, and says that the mine is evidently the deposit of a large crater, and without further prospecting or development, there is at least 1000 tons in sight. Alum is also formed here, and averaging 90 per cent.

Borax, nitre and cinnabar have been picked up in this locality.

Army Transfers.

Company I Twelfth Infantry Capt. Caspary's Company has been relieved from duty at Fort Graham, A. T., and goes to Fort Bowie. Company I of the sixth Cavalry Capt. Madden goes to Camp Thomas.

Court House Rings and Court House Cliques.

God has blessed the world with good men and good people, but the old fellow, some-times, makes a mistake himself, and creates a new racket, called a "Court House Ring." This is an institution which prevails everywhere and even in the god-forsaken land of Yuma, we have it and have it bad, too—Pigmies are arrogant and become leading officials, the shyster lawyer (!) who plays the roll and beats the tune of deputy Sheriff all at once dignifies himself with the "sobriquet" of Attorney At Law—runs courts, mercantile houses, prisons, jails and judges. We commend and applaud "Nehillism" but out with such men, and too, the serfs and slaves controlled by such pimps who must only live on public paps.

Verbum Sat Sapienti.

We are Catholics ourselves, and appreciate the benevolent disposition and liberality of that church people but we do condemn the want of neglect of our people to enclose the Catholic Cemetery, which is in the very heart of the town. Enclose it by all means.

Turn yourself loose, Father Chacot, and protect the bodies of the dead as you have prayed for the souls of the living. A few public spirited friends built your seats for the church and we are still willing to impale your dead—and pay for it, too.

Make a move, and the graves of our friends will escape the ravages of the burros and cayottes.

The Agua Caliente Springs.

At some future time, when subscribers and advertisers pay and we shall feel ourselves a little flush, we propose to pay a visit to these springs and a tribute to their excellence. They are on the land of Mr. David Neahr and is fast because a place of resort we are told that these springs are not inferior to the "Calestoga" or "Paso Robles" springs. The medicinal character and properties of the springs are highly spoken of by both, visitors and medical men. The advance of Arizona will soon bring this property to the front as a medical and salutary retreat.

Fort Yuma.

It is an old saying, "go away from home to find news." This is so as regards to the Army "on dit" of Fort Yuma. The officers of the Fort, say we "don't know,"—but from private circles we hear that another company will be shortly sent to Fort Yuma. Troubles on the border line and Indian difficulties may have occasioned this.

Mr. Manwaring left on Tuesday morning with his employees and guides. They go on this side of the river, and we hope their return will pronounce for Yuma

another and new field of industry and enterprise.

The disposition of the Cocopah Indians, who live at the mouth of the Colorado river have never been friendly or in favor of American prospecting, but we hope the visit of Mr. Manwaring will meet with favorable results.

NOTICE.

All persons are hereby notified that the law in regard to discharging firearms within the incorporated limits of the village of Yuma, will be strictly enforced.

Sec. 2 Com. laws provides. That any person or persons having or carrying any pistol or gun, shall, in the public streets or highways, discharge the same in discriminately, thereby disturbing the peace or quiet and endangering the lives of the inhabitants of any town or neighborhood in this Territory; such person or persons, upon conviction thereof before any justice of the peace, in the county where such offence may be committed shall be fined in any sum not less than ten or more than fifty dollars and imprisoned in the county jail not less than two nor more than ten days, at the discretion of the justice of the peace together with the costs of prosecution.
